# LG ASSOCIATES, Bhavnagar

## Fact File:

Project Size: **1,845 Sq.Ft**

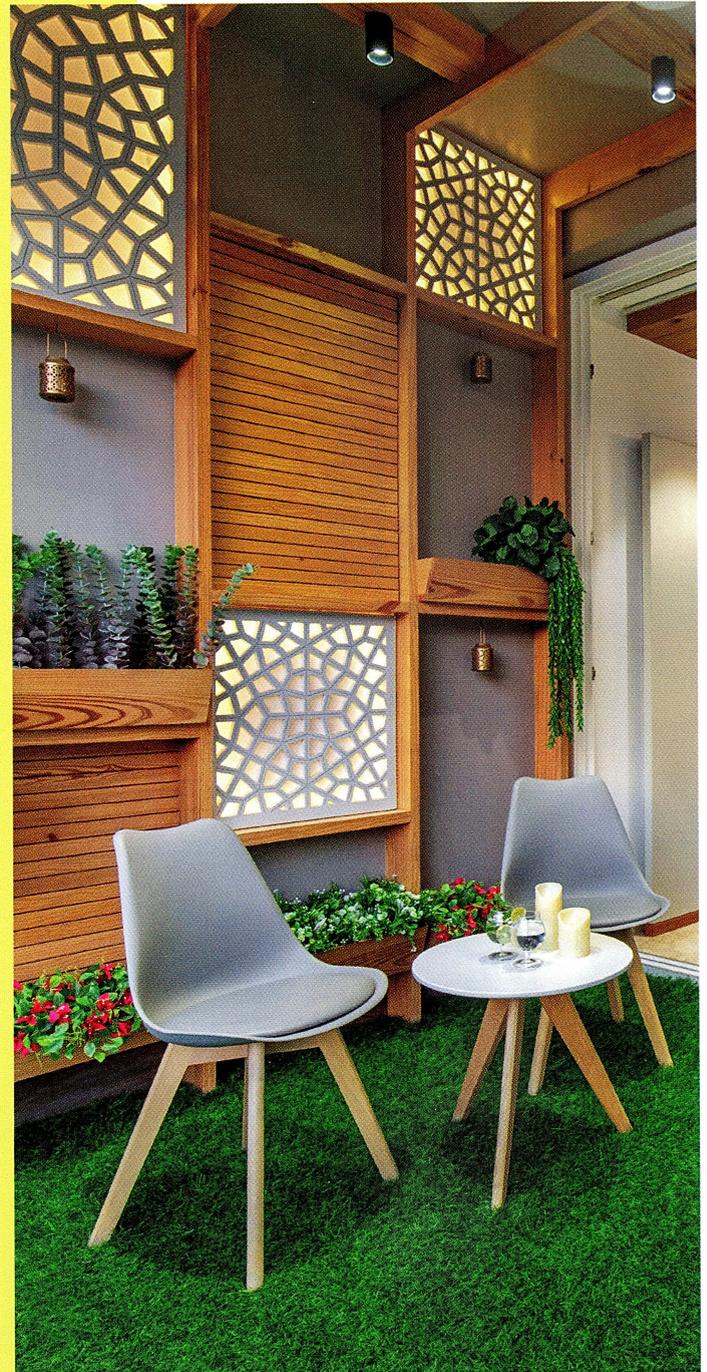

Location: **Bhavnagar, India**

Photographs: **Tejas Shah Photography**

For this 3.5-BHK apartment for a family of four, the clients wished for a serene and simple interior. A minimalistic, contemporary décor scheme was chosen as it gives the necessary visual appeal, and also helps create an aura of calmness and peace.

A cool colour palette of shades of white and olive green lends a touch of elegance and sophistication, along with a feel of enhanced spaciousness to the living room. Classic, luxurious materials have been cleverly treated to give a subdued, charming look. Wooden panelling done selectively underlines the exclusivity of the home. The living room leads to a large balcony, beautifully crafted as a lovely deck with cosy seating for having the morning cup of tea.

Each of the 3.5 bedrooms are designed to suit specific needs of the family. The master bedroom is kept classic with a use of monochrome colour palette and natural wooden veneer. A separate seating is provided here, for spending a leisure time with a book or enjoying the lovely view outside. The guest room is kept spacious with minimal details and a contemporary colour palette of green and ivory.

The daughters' room is done in soothing and youthful shades of blue and grey. The elder daughter being a make-up artist needed a special vanity corner for storing her kits and accessories. Keeping her specific requirements in mind, the vanity area was designed; which has become a beautiful aesthetic corner and the highlight of the space.

The smaller room was to be used as a multipurpose study and utility area for the daughters. This was to also double up as a guest room for extra guests. So a study corner, cabinets and a sofa-bed are neatly fitted in; so that the room can be used as needed. The interior treatment and artworks are chosen to give this room a quirky and playful look.

Overall, the home reflects a sense of peace and tranquillity along with an ambience of bespoke luxury.
